Be the change. Leading the Future of Language Education

Grand Hotel Visconti Palace
Viale Isonzo, 14 - Milano (MI)

Seminario di formazione gratuita per Docenti di Lingua Inglese

Why do we teach language?

Teaching language goes beyond preparing for exams or developing skills; it promotes **connection, trust, and purpose**. In an era of rapid changes and digital overload, educators question the meaning of **identity** and **human connection** in classrooms. Trinity Days 2026 addresses these concerns, emphasizing **relationships, authentic communication, and transformative learning**.

Participants will engage in inspiring talks and practical experiences, exploring how English language education can evolve while remaining centered on the human being. The event invites teachers to collaboratively shape education, equipping learners with **critical thinking, collaboration, and active citizenship** skills.

8.30-9.15 Welcome e Meet the Team

9.15-10.45 Sessione 1

10.45-11.30 Coffee Break
